Event Planning

- Meet with client to confirm project scope, approach and timeline
- Determine the event purpose, measurement of success and frequency of communication
- Determine who's accountable for what task
- Review the company's goals, objectives, strategies, and activities undertaken to date
- Market research to find the date, location, time, and parking
- Source out the suppliers: Sound engineer, lighting, party rental, visual aid, entertainment, DJ, MC
- Site visits to venues to find perfect location
- Food tastings to determine the party menu
- Find potential sponsors for alliance and door prizes
- Draw up a proposal with 2-3 choices for the event
- Budget
- Recruit volunteers
- Design the layout of the room; traffic flow of guests
- Come up with a theme and mood: music, color, decor, staff
- Negotiate with the suppliers for best price
- Design drink/beverage menu
- Find guest speaker(s) or MC
- Design Sponsorship Program
- Bring Strategic Alliance
- Design Affiliate Program
