Do you feel the emotional gulf getting bigger and bigger in your relationships? Have you run out of ideas how to ignite those loving feeling?

What you will learn:

- Communication style of men and women
- Cultural behavioural patterns between those who grew up in North America and China
- Listen with your heart
- Holding space, and why this is better than a bed of roses
- When to be chivalrous
- Express your emotions

We will give examples and stories to illustrate the various pitfalls, and how you may turn a crisis situation into a stepping-stone towards intimacy, meaningful connection.

We will have team exercise, Q & A as well as time for group networking in this jam-packed workshop.
