## DO WHAT YOU LOVE & TURN IT INTO A PROFITABLE BUSINESS

- Are you looking for something that genuinely stimulates your interest?
- Do you want to know how to make your part-time hobby profitable?
- Do you want to be create a comfortable lifestyle doing something you love to do?

Whether you're looking for a career change or simply want to supplement your main source of income, you will want to attend this seminar. Find out how you can walk away from a job that's not making you happy so that you can finally do what you love to do and do it profitably. Find out from George Verdolaga how you can discover and pursue your true passion, change people's lives (including your own) and be successful doing it.

In this 60-minute session you'll learn how to:

- 1- Connect with your deepest dreams and desires to create a roadmap of where you want to go and what you need to do
- 2- Develop the necessary "success habits" that will ensure that you reach your goals
- 3- Create a profitable business based on what you love to do
- 4- Establish relationships with people who will help ensure your success
- 5- How to have it all: good health, great relationships, business success and money in the bank to allow you to live the life you've always wanted

George has used these same techniques to become a successful businessman, author, educator, husband and community member. George is also living the dream. He has walked away from jobs that he either hated or felt that he had no passion for and works for himself in businesses that enables him to do what he loves to do and to be successful at the things that he chooses to do.
